7. Good IT / Computer skills including MS Office (Word, Excel, Powerpoint etc.)
8. Ability to liaise and work effectively with government officials.
9. Ability to work collaboratively with teams as a constructive team member.

Roles and responsibilities

The Project Planning Officer / Urban Management Specialist will have a broad based role in improving quality of project planning, design, implementation and reporting by providing intellectual leadership and inputs. This includes, but not limited to:

General

1. Managing staff and overseeing the day-to-day activities of the Project Management Unit (PMU) related to the management and implementation of the Project, including project monitoring and evaluation, financial management, progress and financial reporting.
2. Supervise PMU staff in the performance of their respective duties and ensure the efficient functioning of the unit and ensure that clear working arrangements are established.
3. Providing support prior to and during missions, and comment on Aide Memoire.
4. Coordinating with external agencies and key stakeholders.
5. Ensuring coordination between PMU team members.
6. Providing all necessary facilitation for PMU to work smoothly.

Planning

1. Provide overall leadership and support in Project Planning.
2. Activity planning and scheduling to avoid time and cost overruns.
3. Reviewing bidding documents and cost estimates prepared by procurement team.
4. Coordinate the review and approval process of design works.
5. Assist the procurement team to evaluate tenders, bids, proposals; and prepare a bid evaluation report, including recommendations for award.

Monitoring and Evaluation

1. Evaluate contracts/programs and recommend improvements as needed.
2. Draft Terms of References and management of consultants, monitoring progress on deliverables under those contracts and providing feedback as necessary, and coordination of the work of the consultants consistent with the overall project implementation plan.
3. Working with the safeguard specialists, ensure all relevant environmental and social safeguard assessments and management/mitigation plans are prepared and implemented to the standard required by the World Bank safeguard policies.
4. Assist the PMU in obtaining requisite clearances, quality assurance and benchmarking.
5. Review of physical and financial progress of housing projects under the Project.
6. Preparation of quality assurance reports and preventive and curative measures to ensure standard quality houses and infrastructure are constructed under the Project.
7. Assess existing project/contract management procedures, including time, cost, payment, quality, human resources, communications, and risk management.
8. Develop project/contract management procedures and systems.
9. Provide project management and implementation support as needed (financial, contract management, risk management, records-keeping, etc.) for services, goods, and works contracts including assistance with field supervision activities.
10. Proactively managing risks.

Reporting

1. Prepare, or as appropriate supervise the preparation of, progress reports, annual reports, and other reports that may be required by the PMU.
2. Establishing procedures for preparation, implementation and progress monitoring and reporting.
3. Liaising with World Bank and provide timely information.
4. Ensuring timely submission of quarterly progress reports.
5. Ensuring that regular reviews are conducted as per timelines, necessary updates, etc., are shared with concerned units and organizations (PIUs, World Bank), and action taken reports are collected and presented to PMU.

Financial Management

1. Assist the preparation of project budgets.

2. Oversee the financial aspect of Project Management: Fund flow management, managing cost overruns, work completion certificates and payment certificates; preparation of utilization certificates; financial closure of the project account etc.
3. Working with the Finance Team, ensure that financial management and reporting systems as specified by funding agencies are complied with and maintained.
4. Working with the Finance Team, monitor payments to suppliers, contractors, and consultants and ensure contract payment terms are met.
5. Ensuring timely release of funds to the projects in coordination with the Finance Team.
6. Other project and contract management related tasks assigned by the Project Director.

2. MIS Specialist

Qualifications, Experience and Competencies

1. Post Graduate degree in Computer Science or MCA/PGDCA from a recognized University.
2. Minimum 7 years of post qualification experience in software development / project management / database management / MIS in government / semi-government / autonomous organizations or urban local body / Public Sector Undertaking / private company of repute.
3. Experience of working with state / central government organizations will be preferred.
4. Experience of working with World Bank and/or International Financial Institutions funded projects will be preferred.
5. Good written and oral communication skills in English and Tamil.
6. Ability to interact with staff in the relevant implementing agencies of the Project.
7. Ability to work in a team and train staff to use the systems in the implementation of project activities.

Roles and Responsibilities

IT Development

1. Identify IT development needs of the TNSCB and user requirements and liaise with external vendors for development of appropriate systems and applications.
2. Facilitate the development and maintenance of an MIS system and dashboards for the TNSCB in order to track the performance of various project activities and monitor adherence to defined standards and procedures, as required.
3. Review the work of the Consulting Firm appointed for digitization of operations of TNSCB.

IT Application Support

1. Monitor, analyze and report on the functioning of assigned IT systems, networks and applications with regard to the defined performance criteria, as required.

MIS Data Collection and Analysis

1. Monitor, examine and provide the required support to data entry teams in Project Management Unit (PMU) and Project Implementation Units (PIUs) to ensure accuracy in data collection and mining.
2. Ensure consistency in data entry and use of defined formats and templates by the data entry teams for the same.

3. Coordination of data entry of the activities of the Project and file uploads into systems to be used by the PMU.
4. Analyze collected data, look for trends/critical areas of concern, patterns and root causes, keep track of all relevant findings and share results with relevant officials in PMU.
5. Consolidate and report data with respect to the Project activities.
6. Coordinate management of electronic data pertaining to the Project, including soft copies of letters, reports and numerical data. This may involve conversion of data and reports in hard copy to electronic form, as well as their storage in an organized filing system.
7. Furnish weekly progress report to the PMU.
8. Ensure smooth flow of information within and outside the PMU.
9. Interface with the PIUs for information sharing.
10. Coordinate with field level officers for smooth functioning of MIS.

IT Operations

1. Facilitate execution of / execute planned and ad hoc hardware and software installation and maintenance activities

MIS Reporting

1. Manage the preparation of timely and accurate departmental MIS statements and reports (including customized and ad hoc) to meet Project requirements, ensuring compliance with relevant policies and standards.
2. Work closely with the Project Planning Officer and support for the development of an MIS for monitoring the project activities.
3. Develop MIS formats and compilation of data from the Project Implementing Units.
4. Upload the project related documents in the TNSCB website.
5. Any other related tasks that may be entrusted upon by the Project Director.

3. GIS Specialist

Qualifications, Experience and Competencies

1. Post Graduate Degree in Geography / Remote Sensing / Geoinformatics / GIS from a recognized University.
2. Minimum 7 years of post-qualification experience in GIS mapping / GIS data collection in government / semi-government / autonomous organizations or urban local body / Public Sector Undertaking / private company of repute.
3. Experience in application of GIS and remote sensing in urban development / housing / slum development projects / programs will be preferred.
4. Experience of working with state / central government organizations will be preferred.
5. Experience of working with World Bank and/or International Financial Institutions funded projects will be preferred.
6. Good written and oral communication skills in English and Tamil.
7. Good IT / Computer skills including MS Office (Word, Excel, PowerPoint etc.)
8. Ability to interact with staff in the relevant implementing agencies.
9. Ability to work in a team and train the staff.

Roles and Responsibilities

GIS Development

1. Liaise with TNSCB officials and other users to define data needs, project requirements or required outputs.
2. Develop and apply GIS analysis solutions to meet identified department needs, as required.
3. Build and implement architecture for GIS in TNSCB for regular GIS data updates and maintenance of the same to be used in GIS applications.
4. Facilitate design, developing and testing of GIS based applications, programs and system functionality, in coordination with external vendors, as required.

GIS Mapping and Implementation

1. Prepare GIS databases, maps, database reports and specialized queries in support of various tasks and projects assigned by TNSCB.
2. Compile geographic data from a variety of sources including census, surveys, field observation, satellite imagery, aerial photographs and existing maps.
3. Collecting and assessing the spatial data provided.
4. Creating an archive to save all the collected data and information
5. Assisting in acquiring satellite images for the preparation of base map of the slums.
6. Integration of total station survey into GIS domain for slums and the project sites.
7. GIS mapping of slums and the project sites.
8. Oversee the work of the Social Assessment Consulting Firm for geo-referencing of slum families during socioeconomic survey.
9. Coordination with government organizations in mapping of the slums and interlink the slums with the resettlement project sites.
10. Support the TNSCB in coordinating/monitoring the implementation of the project activities.
11. Work closely with the MIS and Town Planning Specialist for GIS mapping of land parcels and slums to be rehabilitated.
12. Provide quality control with regard to in-house data capture (data conversion), evaluation of data acquired from outside and database construction.
13. Serve as the GIS technical lead and point of contact on assigned project, address and troubleshoot user queries and issues.
14. Furnish weekly progress report to the Project Management Unit.
15. Any other related tasks that may be entrusted upon by the Project Director.

4. Town Planning Specialist

Qualifications, Experience and Competencies

1. Post Graduate degree in Town Planning / Urban Planning / Regional Planning with Bachelor's degree in Civil Engineering / Architecture.
2. Minimum 5 years of post qualification experience in urban planning or architecture in government / semi-government / autonomous organizations or urban local body / Public Sector Undertaking / private company of repute.
3. Experience of urban planning or architecture in urban development / housing / slum development related projects / programs will be preferred.
4. Experience of working with state / central government organizations will be preferred.

5. Experience of working with World Bank and/or International Financial Institutions funded projects will be preferred.
6. Good written and oral communication skills in English and Tamil.
7. Good IT / Computer skills including MS Office (Word, Excel, PowerPoint etc.)
8. Ability to interact with staff in the relevant implementing agencies and planning approval authorities.
9. Ability to work in a team and train staff in Planning.

Roles and responsibilities

1. Assist in preparation of site plans, floor plans and type designs for housing projects as per Tamil Nadu Combined Development and Building Rules (TNCDBR).
2. Reviewing the site plans prepared by third parties and providing comments.
3. Coordinate the conduct of Design Competition for housing projects.
4. Facilitate the stakeholder consultation during preparation of site plans for housing projects.
5. Ensuring that all the projects are designed as per TNCDBR.
6. Assist to submit applications for planning permission, land use conversion and demolition plan to Chennai Metropolitan Development Authority (CMDA)/ Directorate of Town and Country Planning (DTCP) / Urban Local Body for the housing projects and follow up the applications with officials of CMDA / DTCP / Urban Local Body in coordination with TNSCB officials.
7. Assist to submit applications for registration of housing projects with Real Estate Regulatory Authority and follow up the applications in coordination with TNSCB officials
8. Overseeing that approved site plans and housing designs are properly implemented by contractors, by carrying out field visits to sites, and registering observations.
9. Supporting project staff with regards to design/planning related responsibilities such as: preparing and reviewing TORs and bidding documents, participating in evaluation of bids, etc.
10. Assist the TNSCB in identifying slum pockets and other lands for housing development, identifying ownership of lands occupied by slums, mapping of slums and tenability analysis of slums and selection of an appropriate model for the in-situ slum redevelopment and slum resettlement.
11. Provide inputs to improve the activities related to urban planning.
12. Provide inputs for formulating state housing and habitat policy, affordable housing, rental housing, industrial housing, specialized housing such as working women hostel etc.
13. Provide inputs for climate resilient housing, disaster resistant building design and energy saving building designs.
14. Coordinate with the officials of CMDA / DTCP in preparation of Regional Plans and Disaster Resilience mapping.
15. Any other related tasks that may be entrusted upon by the Project Director.

5. Planning Assistant

Qualifications, Experience and Competencies

1. Diploma in Civil Engineering / Architecture from a recognized University.

2. Minimum 3 years of post qualification experience in urban planning or architecture in government / semi-government / autonomous organizations or urban local body / Public Sector Undertaking / private company of repute.
3. Working knowledge in CAD softwares such as AutoCAD, Revit, 3ds Max is required.
4. Bachelor's degree in Civil Engineering / Architecture will be preferred.
5. Experience in urban planning or architecture in urban development / housing / slum development related projects / programs will be preferred.
6. Experience in working with state / central government organizations will be preferred.
7. Good written and oral communication skills in English and Tamil.
8. Good IT / Computer skills including MS Office (Word, Excel, PowerPoint etc.)
9. Ability to interact with staff in the relevant implementing agencies and planning approval authorities.
10. Ability to work in a team and complete the task.

Roles and responsibilities

1. Preparation of unit designs, floor plans, site plans, and infrastructure plans for housing projects as per Tamil Nadu Combined Development and Building Rules (TNCDDBR) in coordination with TNSCB officials.
2. Inspection of housing project sites for preparation of plans.
3. Preparation of presentation drawings and elevation drawings.
4. Assist the stakeholder consultation during preparation of site plans for housing projects.
5. Assist to submit applications for planning permission, land use conversion and demolition plan to Chennai Metropolitan Development Authority (CMDA)/ Directorate of Town and Country Planning (DTCP)/ Urban Local Body for the housing projects and follow up the applications with officials of CMDA / DTCP / Urban Local Body in coordination with TNSCB officials.
6. Assist the conduct of design competitions for housing projects.
7. Any other related tasks that may be entrusted upon by the Project Director.

6. Community Development Officer

Qualifications, Experience and Competencies

1. Masters Degree in Social Work from a recognized University.
2. Minimum 5 years of post qualification experience in social and community development activities in government / semi-government / autonomous organizations or urban local body/ Public Sector Undertaking / NGOs / CBOs / Private Company.
3. Experience in slum development or resettlement projects or working with community groups especially in urban sector will be preferred.
4. Experience of working with state / central government organizations will be preferred.
5. Experience of working with World Bank and/or International Financial Institutions funded projects will be preferred.
